**Subject:** H.R. 1179  
**Date:** Thursday, August 04, 2011 6:29:55 PM

---

I respectfully believe that pregnancy is not a disease and should not be treated as such. Reasonable and robust conscience protections should be enacted for all Americans, not just "religious employers."

It is important to all of us that as the citizens of our fine nation we should not be forced to cooperate in immoral acts in order to provide for the health of their families. I therefore request that you support for H.R. 1179.

Thank you.

*Carol Anne Aceto*

**Prayer is helplessness casting itself on Power,  
Infirmity leaning on Strength, misery reaching to Mercy ,  
and a prisoner clamoring for release. Fulton J. Sheen**

**"There is enough light for those who want to see  
and darkness enough for those who are otherwise inclined.  
Blaise Pascal**
